Welcome

Thanks for visiting!

Frutaslatinas® is the **export specialist** for sun-ripened fruits and vegetables by **air freight** from the America continent

<http://www.frutaslatinas.com>

Cultivation

Products of Frutaslatinas® are produced close to nature. We support our partners in modern European farming methods taking into account EU standards.

Plantations

Our partners operate plantations in the Caribbean, North - Central and South America. On the regional level the areas under cultivation are specially selected and allow the export of the most delicious fruits and vegetables.
